For 5/18/18

# Updated Short North Parking Plan Overview

## Consistent, Equitable, Easy to Use Parking Options

### Simplified Parking Zones

Smaller, consistent permit zones cater to unique parking needs.

### Parking Time Limits

Non-permitted vehicles are restricted to a 3-hour time limit in all zones between 8am-10pm for a fee. No parking from 10pm-8am without a permit.

### Resident Guest Parking

Guests park using mobile payment platform and resident validation code. 1st Guest Free, additional guests \$6 each per 24 hours using mobile payment platform or resident online account with validation codes.

### Resident Parking Permit Fees

\$25 annually for eligible residents, not to exceed 2 permits/address. \$25 guest parking privilege permit available.

### Employee Permits & Incentives

Expanded employee parking permit options for businesses, up to 10 permits per business ranging in cost from \$100-\$700 annually. First four permits \$100 ea. with 24/7 access, permits 5-10 \$200-\$700 ea. with 6am-8pm access.

### Meter Parking Rates

Demand-based parking rates ranging from \$1/hr to \$3/hr. Mobile payment integration options. Rates to be adjusted based on parking demand.

### Streamlined Enforcement

License Plate Recognition (LPR) technology will be used to effectively enforce parking restrictions. Enforcement will run from 7:30am -3am Monday – Saturday.

## Short North District Reinvestment

The proposed Short North Parking Plan reinvests a portion of parking revenues into Short North neighborhood parking and mobility options.

## Ongoing Assessment of Plan

Parking Plan includes embedded assessments after six months and every three months thereafter. Adjustments to parking regulations and processes will be modified based on need and demand.
